Parcels 5 and 6 have been combined into one development with two hotel operators (Holiday Inn/ Conrad & Sheraton) represented by two distinct themes. The complex is designed with a single connected Podium with a Basement Level, Lower Ground Level, Ground Casino Level, two levels of Retail and a Congress level with a Pool Deck. Above the Podium, two distinct towers will rise separately. The podium and towers will be designed with two independent themes of: Shangri-La, Lost Horizon and Tropical and Polynesian.

The Tropical Gardens located within the boundaries of Parcels 5 and 6, are consistent with the theme of this development. This area will provide more than 45,000 m² of landscape amenity, accessible to the public 24 hours a day.
